

# Changing Lives

I am here so I can have my story heard  
About the difference I am making in the world  
In my day to day nine to five  
I'm holding hands holding lifetimes  
Looking in their eyes  
(I know that I'm)

## *CHORUS*

Changing Lives  
Changing Lives  
Changing Lives  
For the better for the better  
Changing Lives  
Changing Lives  
Changing Lives  
For the better for the better  
(Changing Lives)

I don't care much for crowns or accolades  
Any fortune I would gladly sell or trade  
For every tear and smile  
In the lives I made worthwhile  
Through every stage and mile  
(They know that I'm)

## *CHORUS*

## *BRIDGE*

You've found a place to call home  
Welcome to the place you call home  
In the evening of their lives  
Our mission is their right  
For the care they deserve  
Because they come first  
That's the vision we hold in sight
